

Hand bike

TGO907

All TGO products are designed to be as inclusive as possible but the Hand Bike is one of TGO's star pieces for this. This piece can be used by both able bodied users and wheelchair users. It is an excellent cardiovascular piece of equipment, toning up arms whilst improving muscle, stamina and endurance. There is integrated signage on this product with clear instruction illustration as well a QR code linking to our 'how to use videos'. This piece is also available in the TGO mini range, and if you want to charge your phone whilst exercising, the TGO Hand Bike is also available in Cardio Charge (see TGO908). Generate electricity whilst exercising and charge your mobile phone or tablet as the same time. People Power!

Specification

1. 100% Made in Britain
2. Certified to EN16630, (legacy standards, BSI PAS888 - safety compliant for ALL ages, users and non-users & DIN79000 - safety compliant for users, aged 14+). All TGO outdoor gym equipment is free from exposed end stops, entrapments, sharp edges and crush points

ALWAYS ASK FOR EN16630 FOR OUTDOOR GYMS

Production Details

Manufacturer Standard: EN16630 (legacy standards - PAS888, Din79000)
 Framework: Mild Steel Grade S275 (min 3mm thick)
 Bearing Surfaces: Grade 316 stainless steel
 Finish: High quality gloss finish polyester powder coat paint
 Signage Plate: High quality reverse printed PETG

Enhanced Corrosion Protection

An enhanced corrosion protection is available on request for this product. Hot dip galvanising is the process TGO use to add a protective coating to the body of our products on our equipment in coastal areas, which have higher air salinity or in harsh urban and industrial atmospheres with higher sulphur dioxide pollution*.

The upgrade includes:

- Upgrading to hot dip galvanising
- Fixings are upgraded from A2 to A4 stainless steel

*An upgrade to galvanised steel will be necessary for the warranty in these environments.

Installation

This product is installed onto a generic TGO Medium Ground Anchor. Please see the 'TGO Installation & Assembly Guidelines' for guidance on installing this anchor. Please refer to the diagram opposite for safety spacing.

Safety

This product requires 1.5m of clear space around the equipment (green outline).

- Falling height: 0.0m
- Clear Space: 12.5m²

There is no safer surface requirement and therefore TGO only recommend a minimal surface area (grey outline).

Parts List

No	Part	Dimensions	Weight	Qty
1	Hand Bike	L587, W453, H1187	76.5 kg	1
2	Medium Anchor ⁺	L429, W429, H344	14 kg	1

⁺Substituted with 4x HILTI fixings for surface mounted option

Clear Space Required Recommended Surfacing Base Plate & Centre Lines
 (25mm tolerance added in each direction)

Ground anchor is separate, makes future upgrades easy!
